

QUALITY CUSHIONED RUBBER SURFACING AT A REASONABLE PRICE

**SAFE, DURABLE, ATTRACTIVE,
AND EASY TO MAINTAIN.**

Flex-Roc is a versatile seamless cushioned flooring / decking membrane that provides an incredibly durable and very attractive finish.

Flex-Roc rubber decking and flooring is ideal for gyms, tennis courts, day care centers, pool decks, locker rooms, and more. The product can be applied over almost any material to create a comfortable, seamless, and stunning finish.

CUSHIONED & SAFE

The thick rubber coating provides a safe and durable surface ideal for pool decks, day care centers, locker rooms & more.

HIGHEST GRADE EPDM RUBBER

We only employ the highest quality virgin EPDM rubber imported from Germany.

STUNNING FINISHES

The rubber granules are carefully mixed to create stunning faux-stone finishes.

WEATHERPROOF & LONG LASTING

Paired with Flexstone, a water-based urethane, the products work to create a 100% weatherproof finish that lasts a lifetime.

FLEX-ROC COATINGS HAVE ENDLESS APPLICATIONS INCLUDING:

- Vehicle garages & driveways
- Walkways and exterior stairs
- Sundecks, patios, & balconies
- Roofs & Roof Decks
- Pool and Hot-Tub decks
- Athletic Courts
- Gym floors & locker rooms
- Daycare centers
- Playgrounds & parks
- And more...
